Premium 30	30 Jahre Garantie*

Highly weather resistance

Standard
powder coating

DÖPFNER
PREMIUM

DURA-CLEAN-EFFECT

Premium surfaces repel dirt and water, thus permanently stay clean and are easy to clean.

LIGHTLY TEXTURED SURFACE

The matte, lightly structured surface matches the surrounding render of the building perfectly. It is very tough against mechanical damage and chemical influences.

NATURALLY DIFFERENT

Doepfner uses only environmentally friendly, cecyclable aluminium that can always be returned to 100% into the original product. In contrast to using primary aluminium, a huge amount of energy and raw materials can be saved without any loss in quality.

DÖPFNER PREMIUM 10

Available in both “smooth, matte” and “lightly textured” surface finish
